GENERATES ENERGY

**ROVO XN 5060**

Swivel chair with 2D-Mesh-Back and plastic base.

**ROVO XN 5060**

Swivel chair with 3D-Mesh-Back, lumbar support (AIR PLUS), aluminium base silver and multifunctional armrests type 4.

**Design flexibility for the seat:** (optional)  
The seat sides can be in black with certain fabrics to get a colour contrast (see front page).

**ROVO XN 5070**

Swivel chair with covered back, lumbar support (AIR PLUS), upholstered headrest, aluminium base polished and multifunctional armrests type 5.

**ROVO XN 5450 A**

Cantilever, stackable. Chrome frame, 2D-Mesh-Back.

**Lumbar Support AIR PLUS:** (optional)  
Air Plus is the orthopaedic air cushion lumbar support system that can be individually adjusted. The chair becomes like custom-made and supports a healthy sitting posture and prevents back problems.

**Mesh cover for backrests:**
